Mobile, AL | (601) 686-3255 | jamesryanmoore2005@gmail.com | [LinkedIn](#) | [GitHub](#) | Portfolio: Coming Soon

PROFESSIONAL SUMMARY

Computer Science student with experience in SAP-focused consulting education, web development, business operations, and client-facing environments. Combines a technical foundation with strong communication and problem-solving skills, with interests in technology consulting, enterprise systems, and business technology.

EDUCATION

Bachelor of Science in Computer Science, Minor in Mathematics | University of South

Alabama - Mobile, AL

December 2026

- GPA: 3.72 | Dean's List | Phi Theta Kappa Scholarship
- Relevant coursework: Software Engineering, Artificial Intelligence Theory, Database Design, Data Structures & Algorithms, Concurrent & Distributed Computing, Discrete Mathematics

Associate of Arts, Computer Science Focus | East Central Community College - Decatur,

MS

Aug 2023 - Dec 2024

- GPA: 3.82 | S. Lebrun Hutchison Scholarship

EXPERIENCE

Consulting Intern | Revelation Technologies - Saginaw, TX

Jun 2026 - Jul 2026

- Completed a learning-focused internship centered on SAP, enterprise technology, government contracting, and professional consulting practices.
- Developed a web-based training aid for new consultants covering preparation and professional conduct for virtual and in-person client interactions.
- Used generative AI to support web development, troubleshoot bugs, and identify relevant consultant training resources.
- Received exposure to SAP Project Systems (PS), Materials Management (MM), and Finance & Controlling (FI/CO); currently pursuing further development in SAP Project Systems.

Field Director | Triple Play Sports - Flowood, MS

Feb 2024 - Present

- Coordinate with officials and event personnel, maintain game records and online reporting, and resolve player or spectator issues in a fast-paced environment.

Teller | Bank of Forest - Walnut Grove, MS

May 2024 - Aug 2024

- Processed customer transactions accurately, maintained cash controls, and provided customer service while following banking policies and procedures.

Assistant Tile / Flooring Installer | DC Flooring - Lake, MS

Jun 2022 - Aug 2024

- Supported residential and commercial flooring projects through preparation, installation, teamwork, and on-site problem solving.

TECHNICAL & PROFESSIONAL SKILLS

Enterprise Technology: SAP; training/exposure to Project Systems (PS), Materials Management (MM), and Finance & Controlling (FI/CO)

Programming & Data: Python, SQL, JavaScript

Web & Development: React, Web Development, GitHub, AI-Assisted Development

Consulting & Professional: Technical Communication, Client-Facing Communication, Problem Solving, Training & Documentation

SELECTED PROJECTS

NFL Quarterback Performance Prediction | Academic Machine Learning Project -

- Used Python and historical NFL data to compare Decision Tree and Random Forest classifiers for predicting high-performance quarterback games.

Algorithm Visualization Application | Team Academic Project -

- Collaborated on a JavaScript and React application that visualized changing algorithm data to demonstrate how sorting/data-structure operations behaved.
